

Our 4th grade boys; Gabriel, Oscar, Levi,
Escher, and Landon.

10/6/22

Issue #7

Mr. Faris' Facts

We'd like to thank you for your support of our class assembly. It was great to see so many of you. We were so blessed to have you watch our class and your children. They did a wonderful job with their skits and speaking parts. They worked very hard on planning, practicing, and performing. I definitely want to commend them all.

Students have continued learning about the laws of motion and simple machines. We will wrap up this study next week, and then begin a unit on the 13 colonies. They have also been working on their Square 1 Art pieces, the focus being on geometric shapes and complimentary colors. More info to come.

Next week is the last week of first quarter. It has gone by so quickly. It is also a short week- (no school on Friday the 14th and early release on Thursday the 13th). Make sure to check in with your child about their math and writing assignments to see if they are all caught up with them.

The office should have on-line sign ups for parent/teacher conferences beginning the week of the 17th. Conferences are Thursday and Friday October 27th and 28th. If you are not able to make it on either of those days, please contact me for an alternate day/time.

The following Monday we will have a Halloween party in our class in the afternoon. More details to come on this, but students are allowed to wear their costumes to school as long as they are appropriate, and not too scary; (kindergarten students will see the costumes) no blood or gore, save those costumes for after school trick-or-treating.

Thanks for all you do. Please contact me if you have any questions or concerns.
