**Weekly Reading Log #20: Due 3/3/23**

There is no better way to help your child find success in school than for them to practice and be exposed to as much reading as possible. **Directions:** your child needs to read at least 20 minutes a night for 5 out of 8 nights (100 minutes a week). They can read on their own, read to you or a younger sibling, or you can read to them. A variety of reading experiences is encouraged, although most of their reading should be done at their independent reading level (have them do the “Give Me Five” test to find the correct level). **This log is due on Friday, March 3<sup>rd</sup>**. This is a great way for your child to develop and improve their reading skills. Please help them keep track of this, sign at the bottom, and turn in to school each Friday. **The refrigerator is a great place to keep it!**
