- May 5th, RCA visit for 6th grade students.
- 6th Grade visit Skyview May 11th in the morning
- 6 Grade graduation May 18th and last day of school

Hi folks. We would like to thank all of you for coming out to our Art Night and Silent Basket Auction. Thanks to our 6th grade students who helped out, all of you who donated items, and a special thanks to Mrs. Edmunds who made this all possible.

Students have worked hard all week learning more about the "Fab Four" phylum and the inter-tidal zone. They have been working in table groups making profile posters with representative species. This is all in preparation for our field trip.

Next week is the big field trip to Peterson Bay. I am sending home another gear checklist. Here is info from the CACS:

As in the past, we are keeping as much of our program outside as possible. Dress for the weather! Please make sure that everyone packs "light and tight!" **Encourage all participants not to overpack, and ensure that there are no loose items before getting onto the boat.** This program will involve at least 3 miles of hiking a day, often over slippery, rooty, and steep terrain.

I am sending another gear checklist for Peterson Bay in your child's Thursday Folder. I believe we have all/or most of the food items taken care of- (Please send food items in by Wednesday so I can pack them up (including perishable items). and return Friday evening around 5:30-6pm.

The week after we get back will be 6th grade boot-camp week. If you have a 6th grade student, please send in at least 4 baby/toddler pictures for our 6th Grade Graduation on the last day of school.

If you have any questions or concerns, please contact me at anytime.

Thanks, Mr. Faris
